An Episcopal Church

The Church of the Transfiguration is part of The Episcopal Church in the United States of America, a member of the worldwide Anglican Communion with which we share traditions of faith and worship. The Episcopal Church has its origins in the Church of England which in turn has its roots in the early church. Our traditions include attitudes that are Protestant and Catholic, ancient and reformed, liberal and conservative.

The Episcopal Church is a place where we are encouraged to ask questions and to explore our faith together. We confirm our faith in a balance of:

Holy Scripture,

Tradition - the teachings of those who have gone before us, and

Reason - God's continuing revealing of God's self to us as

tested in the community of faith, with whom we learn and share in our spiritual growth together.

As members of The Episcopal Church we are part of the

EPISCOPAL

- to seek and serve Christ in all persons, loving our neighbors as ourselves;
- to strive for justice and peace among all people, respecting the dignity of every human being.

*Infinite respect for one another...
